On July 20, 1969, NEIL ARMSTRONG *became the first man to step onto the surface of the Moon. He was followed* by EDWIN ALDRIN, both of the *Apollo 11 mission. They and other moonwalkers experienced the effects of no* atmosphere. Radio communications *were used because* SOUND waves can only be *heard by travelling through the medium of air. The lunar sky is always black because diffraction of light requires an ATMOSPHERE*
